

GKD: GKD offers the right belts for your applications

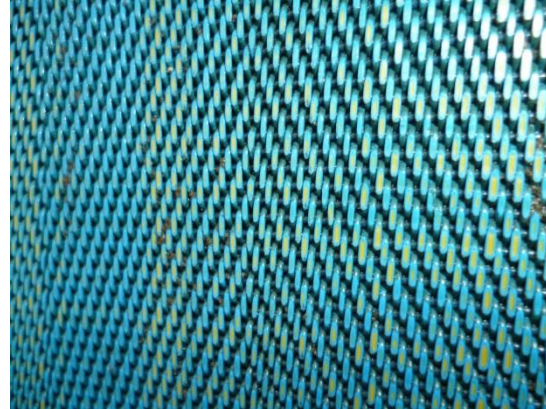

Greater efficiency in dewatering and drying

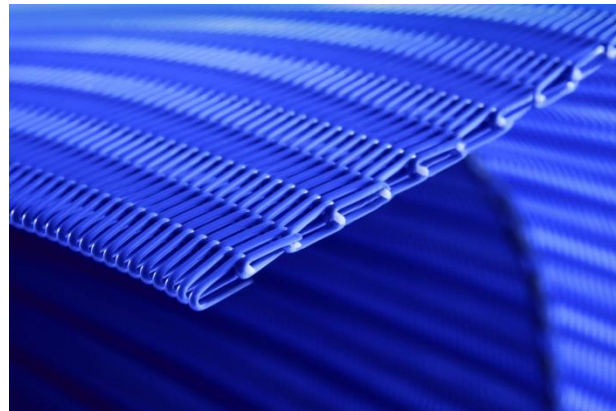

WORLD WIDE WEAVE

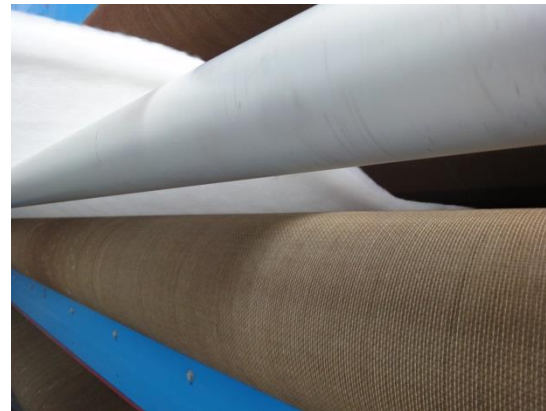

Picture 1: In belt presses, belt type 1003 from GKD impresses with its exceptional transverse stability and its particularly flat, robust PAD seam.

Picture 2: GKD equips its proven filter press belts type 1003 with a wear indicator as standard and thereby adds another USP to its belts.

Picture 3: The new spiral belt from GKD combines the benefits of a seamless dewatering belt with the transverse stability of a woven belt.

Picture 4: The shrink-resistant belts from GKD guarantee both cost-saving and environmentally friendly sewage sludge drying.
